### Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

(a)

On November 19, 2020, HTG Molecular Diagnostics, Inc. (the “Company”) filed a Certificate of Amendment to its Amended and Restated Certificate of Incorporation (the “Amendment”) with the Secretary of State of the State of Delaware to (a) effect a one-for-fifteen reverse stock split of its outstanding common stock and (b) effect a reduction in the number of authorized shares of common stock from 200,000,000 shares to 26,666,667 shares. The Amendment will be effective at 5:00 p.m. Eastern Time on November 20, 2020. A series of alternate amendments to effect a reverse stock split and a concurrent reduction in the number of authorized shares of common stock were approved by the Company’s stockholders at the Company’s 2020 Annual Meeting of Stockholders held on August 19, 2020, and the specific one-for-fifteen reverse stock split and corresponding reduction in the number of authorized shares of common stock to 26,666,667 were subsequently approved by the Company’s Board of Directors on November 19, 2020.

The Amendment provides that, at the effective time of the Amendment, (a) every fifteen shares of the Company’s issued and outstanding common stock will automatically be combined into one issued and outstanding share of common stock, without any change in par value per share, and (b) the number of authorized shares of common stock will be reduced to 26,666,667 shares. The reverse stock split will affect all shares of the Company’s common stock outstanding immediately prior to the effective time of the Amendment. As a result of the reverse stock split, proportionate adjustments will be made to the per share exercise price and/or the number of shares issuable upon the exercise or vesting of all stock options, restricted stock units and warrants issued by the Company and outstanding immediately prior to the effective time of the Amendment, which will result in a proportionate decrease in the number of shares of the Company’s common stock reserved for issuance upon exercise or vesting of such stock options, restricted stock units and warrants, and, in the case of stock options and warrants, a proportionate increase in the exercise price of all such stock options and warrants. In addition, the number of shares reserved for issuance under the Company’s equity compensation plans immediately prior to the effective time of the Amendment will be reduced proportionately.

No fractional shares will be issued as a result of the reverse stock split. Stockholders of record who would otherwise be entitled to receive a fractional share will receive a cash payment in lieu thereof. The reverse stock split will affect all stockholders proportionately and will not affect any stockholder’s percentage ownership of the Company’s common stock (except to the extent that the reverse stock split results in any stockholder owning only a fractional share).

The Company’s common stock will begin trading on The Nasdaq Capital Market on a split-adjusted basis when the market opens on November 23, 2020. The new CUSIP number for the Company’s common stock following the reverse stock split is 40434H 203.

The foregoing description is qualified in its entirety by the Amendment, which is filed as Exhibit 3.1 to this Current Report on Form 8-K and is incorporated herein by reference.
