*2021 Corporate Goals*

Our named executive officers are eligible to receive annual performance-based bonuses pursuant to their letter agreements with us. The annual performance-based bonus each named executive officer is eligible to receive is generally based on the extent to which we achieve corporate goals that our Board of Directors (the “Board”) establishes each year. Following the end of each year, the Board reviews our performance against each corporate goal and determines the extent to which we achieved each of our corporate goals.

On January 21, 2021, the Board adopted corporate goals for purposes of determining the eligibility of our named executive officers to receive performance-based bonuses for 2021. The corporate goals relate to the following categories: financial goals, including direct revenue growth and cash management, and strategic goals, including customer metrics and objectives related to product development.

Certain of the corporate goals contain minimum achievement levels that must be satisfied in order to earn the portion of the bonus attributable to such goal, but there is no aggregate minimum percentage of corporate goals that must be achieved in order to earn a bonus, and certain of the financial goals can be achieved at more than 100% of the target level. No specific individual goals were established for any of the named executive officers for 2021.
